

WEA Value Added Orthodontia Program

For WEA Select Willamette Dental Group Enrollees

About Willamette Dental Group

Willamette Dental Group, P.C., is committed to providing quality care necessary for orthodontic treatment. Each of our providers:

- Meet and maintain high credentialing standards
- Practice a proactive approach to dentistry, which means you will receive the most appropriate care based on your individual needs
- Collaborate and perform in clinical teams to oversee your dental care
- Utilize today's proven technology and techniques to help you reach your oral health goals

Willamette Dental Group has more than 25 dental offices throughout the states of Washington, Oregon and Idaho that provide orthodontic treatment. We are able to provide your care at a lower operating cost than most independent providers and, as a result, we can provide high-quality care at a reasonable price.

Program Overview

The WEA Value Added Orthodontia program offers orthodontic treatment to eligible enrollees on a Willamette Dental Group plan through the Washington Education Association (WEA), at reduced fees.

Who is Eligible?

Employees and their dependents enrolled on a WEA Select Willamette Dental Group plan without an orthodontic benefit.

The WEA Value Added Orthodontia program is not insurance. The patient is responsible for all fees. This program is offered by Willamette Dental Group, P.C.

Getting Started

The program requires that each patient receive an initial evaluation from a Willamette Dental Group general dentist to determine if s/he is a candidate for orthodontic treatment. If you are a new patient and are not established with one of our dentists, a new patient appointment will be scheduled. Call our Member Services team at 1.855.433.6825, Option 2 to schedule this appointment. Please notify our staff that you wish to use the "WEA Value Added Orthodontia Program".

After you receive a referral from a Willamette Dental Group general dentist, you will schedule an appointment with a Willamette Dental Group orthodontist for your pre-orthodontia consultation. This consultation includes:

- An initial exam
- X-rays
- Study models
- An extensive oral evaluation

The cost for this service is a total of \$150. These non-refundable fees are credited toward the total fees if you proceed with orthodontia treatment.

The WEA Value Added Orthodontia Program rates are only available when Willamette Dental Group providers perform the entire treatment.

For more information about the WEA Value Added Orthodontia Program, call 1.855.4DENTAL, Option 2 to speak to a Member Services representative.
